**AN ONLINE CONFERENCE**

Hosted by

We know that there are often far more families looking for information than can attend in-person events. HOME is partnering with Indiana Association of Home Educators (IAHE) for a virtual conference! By joining together for an online event, our state homeschool organizations can reach even more parents than with our live conventions, which were both cancelled due to COVID-19.

All of the online events listed below will provide more comprehensive access to support and information to far more people, for a longer period of time! Be sure to scroll down and review them all. Featuring over 70 speakers and 170 workshops!

Families can listen to EACH and EVERY session offered during the “Keep Calm & Homeschool On” event for 365 days! Some of the speakers from our Samoset event, such as Scott Woodruff from HSLDA, Ray and Charlene Notgrass, Rep. Heidi Sampson, Joanna Martel and others, are included. This conference experience will be offered for FREE to attendees that pre-registered for HOME’s 2020 Convention, as well as others, for a short period of time.
